

Red Sea: »Great Luxury between Desert and Ocean«

# Glittering Holiday Stars by the Red Sea Soma Bay - Cascades Golf

1

It took some time - Rome wasn't built in a day. Soma Bay does not only offer a wonderful holiday menu including an extraordinary hotel, wellness, sports, and golf facilities, no, this luxury destination by the Red Sea has for many travellers become a yearning, almost an addiction, an addiction to experience

This spectacular signature hole with par 3, features a green protruding well into the sea and protected on three sides by a continuous narrow bunker and the breaking waters of the Red Sea. (1)

The coastal area of Soma Bay south of Hurghada by the Red Sea was for years regarded as a paradise for divers only – and divers still love it here, by the way – but has within the last couple of years developed into an ultimate golf and wellness oasis. On the coast of one of the world's cleanest oceans, only 45 km from Hurghada Airport, La Residence des Cascades, a 5-star extraordinary Deluxe Resort and an unparalleled thalasso-therapy-centre Les Thermes Marins have been established, and they are surrounded by The Cascades at Soma Bay, a Gary Player championship golf course that is already now being called „the next Pebble Beach“

The Egyptian investor, Dr. Farid Saad, wanted to create a future holiday paradise and had been looking around the Sinai for some years before he discovered the deserted, uninhabited peninsula on the west coast of the Red

Sea. He at once realized that this place, Soma Bay, would be the ideal location for his future holiday paradise. As it were, he actually discovered the ideal dish – Somay Bay means “food of the gods” – which refines an exquisite menu that will satisfy golfers, discerning gourmets and bon vivants alike.

great golf in the desert and by the sea.

La Residence des Cascades is positioned on the highest point of the Soma Bay peninsula. The colonial style hotel offers 210 residential rooms, 39 suites, all meeting the highest standards and overlooking the Sea and the golf course - serviced by friendly staff around the

The 18 hole, par 72 course offers memorable views of the lush green fairways that contrast dramatically with the rugged desert and the clear blue sea waters (2)

clock. Enjoy delicacies in buffet restaurants (breakfast and dinner) as well as in à la carte-restaurants. La Residence is known as the oasis of the three „Ps“: Palms, pools and privacy. Three German TV-programmes indicate the high service level for German guests.

Les Thermes Marins des Cascades is equally spectacular – located in the southern part of the hotel, it is one of the largest and best equipped thalasso-therapy centres in the world. In this noble-exclusive thalasso-temple you get the feeling that fairy-tales of 1001 Nights are coming true. This is where you are pampered with beauty treatments, massages, as well as algo- and hydrotherapies. The 800 m2 seawater Aquatronic Pool with water jet currents and counter-currents and bubbling baths is designed to provide comfort and relaxation.

The beach is located only 3 km from the hotel and can be comfortably reached by shuttle bus. Soma Bay offers excellent water sports, and is a Mecca for divers, snorkelling and sailing tourists, surfers, and also for kite surfers.

As already mentioned, the hotel is situated on the highest point of Soma

Bay and sets new standards by focusing on one of the most stunning desert golf courses that has been designed by the famous South African golf hero Gary Player. With the Cascades Golf and Country Club, the „Black Knight“ has created a memorable links-style golf course, ideally combining desert and water into an unforgettable experience, a revelation. The course combines links and desert fairways. The deep blue Red Sea, the lush green fairways and greens, and the golden brown desert sand create an extraordinary kaleidoscope of colours – a real stimulation for players of all skills.

With the Cascades Golf Course, 18 holes, 5,981 m, par 72, the celebrated golf architect Gray player has created yet another masterpiece that will almost certainly become Egypt's signature course. 5 of 18 holes are situated along the Red Sea, where the waves break, so to speak. The course features dramatic tee-offs and you have to master desert sand, blue water and green fairways. Directly at the coast, you almost always have to take prevailing winds into account. And also the greens of Cascades are not to be underestimated. Carelessness will soon be revenged in the score.

5

The "La Residence des Cascades, Soma Bay" is winner of the "Leading Hotel of the World" Sixth Annual Commitment to Quality Award Africa & Middle East (3, 4, 5).

Gary Player calls Soma Bay “The next Pebble Beach“. Relating to quality, he is absolutely right, but relating to the scenery, Cascades Soma Bay is more genuine, nature more lifelike, which is why Cascades is a few golf swings ahead of Pebble Beach.

Luxury and Quality are a perfect match in Soma Bay. Egypt was awarded „Undiscovered Golf Destination of the Year“ by the IAGTO and Soma Bay Golf was awarded “Best Non-European Golf Resort” by the readers of Germany's prestigious GOLF JOURNAL Magazine.

Come and see for yourself – we look forward to welcoming you!
